

Ergonomic Analysis

Braden Jarvis

1. Brown
2. Purple
3. Green
4. Yellow

Commented [JD1]: Follow Up: 500

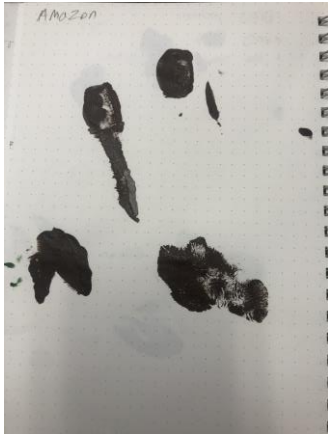

Yellow Mouse

- Too thick
- Way too tall
- Rested on my palm way more than others due to height.
- Would like less contact within F2, F2, E2.

Purple Mouse

- Very minimal hand contact
- Slim
- No contact within C1, C2, C3, which I prefer to have

Brown Mouse

- Very minimal contact except for vital holding areas
- Could use a little more support on D2

Green Mouse

- Uncomfortable
- Only has solid contact within A1, B1, F3, F4.
- Could use thumb support and a higher arch to hold your fingers
